Mailman School of Public Health
Post-Graduate Outcomes, Class of 2013*

6-Month Post-Graduation Outcomes Statistics

Total Graduates=552; Responses=388, 70% response rate. Data as of Dec. 2013.

- “Seeking Upon Graduation but Not Confirmed” are students whose employment status was “seeking” upon graduation but who never responded to follow-up emails and whose status could not be confirmed in other ways. If the 9 students in this category are considered “unknown,” the employment/“not seeking” rate is 98%.
- International students who are not eligible for post-graduate employment were listed as “not seeking.”
- Students who were employed but not in public health, and were seeking new employment, were listed as seeking.
- Additional details on survey methodology are available upon request (email hk2778@columbia.edu).
Salaries

Overall Salaries
212 Students reported salaries. Salaries were reported by range. Part-time and international currency salaries were excluded.
If ranges were estimated at the mid-point (i.e. $80-90,000 is assumed to be $85,000), then:
• The Overall Mean salary was: $66,333
• The Overall Median salary was: $65,000
